EDUCATION

Florida Atlantic University | Boca Raton, FL | Bachelor of Business Administration - Accounting

Broward College | Pembroke Pines, FL | Associate Degree - Finance

TECHNICAL SKILLS

Agile Development	HTML / CSS / JavaScript	MySQL	Spring JDBC
Ajax	Java	NetBeans IDE	Test Driven Development
Bootstrap Framework	jQuery	Normalization	Thymeleaf
CRUD Applications	JSON	Object-Oriented Design	Unit Testing
Debugging Techniques	Maven	Relational Databases	Visual Studio Code
Git	MVC Design	Spring Boot	XML

SOFTWARE DEVELOPMENT EXPERIENCE

2020 – 2021 **The Software Guild** | Java Apprentice | Minneapolis, MN

Superhero Sightings Web Application

- Developed a full-fledged web application utilizing front and back-end technologies to track and report data supplied by the end-user.
- Technologies used: Java, VSCode, SQL, Thymeleaf, JDBC, MVC Design, Spring Boot, HTML / CSS, Bootstrap*

Mastermind® Game

- Built an API that created an answer, took a user's guess as input, scored the round, and kept track of all rounds and games in a database.
- Technologies used: Java, JSON, SQL, Postman, Unit Testing*

Hotel Reservations Project

- Designed and built a relational database for tracking hotel reservations including room amenities, pricing, and contact list.
- Technologies used: MySQL Workbench, ER Diagrams*

Vending Machine Project

- Created a vending machine that tracked sales, inventory levels, and calculated change.
- Technologies used: Java, NetBeans IDE, MVC Design, CRUD Console, Unit Testing, Spring DI, File input/output*

Commercial Order System Project

- Developed an ordering system for a flooring company that built customer orders, calculated total cost and retail pricing, and stored the information to local memory.
- Technologies used: Java, MVC Design, Spring DI, Unit Testing, UML Diagrams, .csv file input/output*

DVD Library Project

- Designed and built a CRUD application to store information from a DVD collection.
- Technologies used: Java, NetBeans IDE, MVC Design, CRUD Console*

OTHER EXPERIENCE

2016 – 2020 **Hyatt Regency by Mall of America** | Business Travel Sales Manager | Bloomington, MN

- Increased hotel revenues by 30% from key accounts by uncovering new projects in the geographical area, building relationships with Corporate Travel Managers, and developing incentive programs for individual travelers.
- Analyzed national and local market data from Agency360, Envision, and Lanyon to establish corporate pricing to meet the goals of Ownership & Asset Managers.
- Collaborated with other Sales Managers to uncover clients' needs and capture more business through intraoffice referrals.

2010 – 2016 **Jonathan Lee, PA** | Realtor® | Fort Lauderdale, FL

- Managed an independent residential real estate business in one of the hottest markets in South Florida shortly after the market crash.
